## SNSIR 4.0

Student National Symposium IR 4.0  
Organized by Department of IT  
Higher College of Technology, Muscat.

- Presentation should be done on-stage.
- All audio-visual equipment will be provided: computer, microphones, speaker system, digital projection system etc.
  
- Data looks better organized & easier to comprehend if given in POINTS.
- Not more than 10 lines of text (or points) per slide.
- All letters on the slide should be big enough to make it readable even to the last row.
  
- A well-documented graph or figure is way more attractive and better than lengthy text.
- Tables are difficult to read; represent data graphically wherever possible.
- A pictorial representation often is worth a thousand words.
